- Can Be Metered By Automatic Detergent Metering Systems.
- Is Safe For People And Car Finishes At Any Concentration.

Physical Specifications

Physical State	Liquid
Appearance	Amber
pH	≈ Neutral
Rinseability	Excellent

Equipment Requirements

985MR is safe for use with all standard car wash equipment.

Product Make-Up

985MR is a concentrated vehicle soap. Dilute with water to achieve specified strength concentrations.

Concentration and Application Methods

Automatic Car Wash Systems

Meter 985MR directly to concentrate tank or meter directly into water flow. 985MR strength concentration should be 1/2 to 4 oz./gallon of water. The use of HOT water increases performance. Apply to the surface to be cleaned with high / low pressure spray. Follow with a thorough water rinse.

Technical Data Sheet

Companion Products
