

Aqua Solv II

Heated Fountain Style Parts Washing Detergent

Product Description

Aqua Solv II is an aluminum safe, non-hazardous, liquid detergent engineered to be specifically used in manual types of fountain style aqueous parts washers or “sink on a drum” type units to produce superior cleaning results for the removal of the toughest contaminants.

Performance Features

- Environmentally Green By Eliminating The Need For Cleaning Solvents
- Non-Hazardous, Biodegradable, and Environmentally Safe
- Contains Specialty Surfactants For Excellent Carbon, Grease, And Grime Removal
- Quickly Removes Grease, Oils, Carbonaceous Soils, And Other Soils Encountered In Process Cleaning
- Safe For Use On All Ferrous And Sensitive Metal Parts, As Well As Rubber Or Plastic Parts
- Provides Worker Safety By Containing Only Low-Toxicity, Biodegradable Chemicals
- NON-VOC by Carb Definition per ASTM D1298

Physical Specifications

Physical State	Liquid
Appearance	Slight Amber
Rinseability	Excellent
Water Solubility	Complete
% VOC / HAP	0%
pH (25%)	≈ 10.5

Equipment Requirements

Aqua Solv II should only be used in a manual type, aqueous fountain style parts washers or “Sink on a Drum” type units. Operation of equipment should be done in accordance with the equipment manufacturer’s instructions.

Product Make-Up

Aqua Solv II is a concentrated industrial cleaner. Dilute with water to achieve specified strength concentrations.

Technical Data Sheet

Concentration and Application Methods

Heavy Duty Cleaning

Add Aqua Solv II at a dilution rate of 25% by volume for every gallon added to the aqueous parts washers' sump.

Calculation

Aqua Solv II volume needed (gallons) = Sump Capacity (gallons) x .25 (%)

Time

Dependant upon cleaning temperature and use concentration.

Temperature

Ambient - 110°F

Mixing Instructions

Add Aqua Solv II according to equipment manufacturers instructions.

Companion Products

See Seacole's Process Parts Cleaning Product Line.

Safety and Handling

Read and understand this products MSDS before handling.

Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations. Contact Seacole for specific details and/or further waste treatment recommendations.

Ordering Information

Aqua Solv II is available in 5 gallon pails and 55 gallon drums.
