

Release

Aluminum Safe Low pH Detergent

Product Description

Release is an aluminum safe, low pH detergent designed for exterior washing, cleaning, and descaling. Used as a two step exterior wash, Release is engineered to loosen grease, grime, soil, and road film while also brightening aluminum trim, wheels, and accessories without the use of Hydrofluoric Acid. Release freshens metal and painted vehicle surfaces and is ideal for brightening polished aluminum.

Performance Features

- Multi-Metal Safe
- Quickly Removes Grease, Oils, and Road Film
- Brightens Wheels, Shines Chrome, Cleans Glass, And Brightens Paint
- Removes Hard Water Scale
- Biodegradable and Environmentally Safe

Physical Specifications

Physical State	Liquid
Appearance	Blue
Rinseability	Excellent
pH (Use Dilution)	≈ 2 - 2.5

Equipment Requirements

Release is safe for use with all standard cleaning equipment.

Product Make-Up

Release is a concentrated industrial cleaner. Dilute with water to achieve specified strength concentrations.

Concentration and Application Methods

Two-Step Acid / Alkaline Exterior Wash

STEP 1: Apply Release at 2 - 4 fl. ounces/gallon of water through a low or high pressure sprayer. Allow to soak, do not rinse.

STEP 2: Apply a high pH detergent, such as Seacole's Evolution, Total, or Total B at 6 - 8 fl. ounces/gallon of water through a low or high pressure sprayer. Allow to soak. High pressure rinse with clean water.

Technical Data Sheet

Wheel Brightening / Scale & Dirt Removal

Use as is or dilute to a ratio of 1:1 with water. Spray on and let soak for 2 - 5 minutes. Brush heavily soiled areas if necessary. Spray rinse with fresh water.

Washing Polished Aluminum Tankers

Apply Release at 1 - 4 fl. ounces/gallon of water under a low pressure sprayer from bottom up. Brush heavily soiled areas if necessary. Allow to soak. Rinse with high pressure water from top down.

Companion Products

Total, Total B, Evolution

Safety and Handling

Read and understand this products MSDS before handling.

Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations. Contact Seacole for specific details and/or further waste treatment recommendations.
