

## Wax B

### Automatic Car Wash Spot-Free Rinse Concentrate

#### Product Description

Wax B is a liquid, spot-free rinse concentrate formulated for automatic car wash equipment. Wax B significantly reduces toweling and drying time for full service car wash operations and develops a deep shine to enhance automotive paint and exterior appearances.

#### Performance Features

- Biodegradeable and Environmentally Green
- Prevents Spotting and Hard Water Scale Formation
- Flows Easily Over Surfaces Including Tight Crevices
- Provides Excellent Water Beading to Reduce Toweling and Drying Time
- Can Be Used in Both Hot and Cold Water Applications
- Super Concentrated Formula for Low Volume Usage and Operating Costs

#### Physical Specifications

Physical State	Liquid
Appearance	Blue
Odor	Mild / Pleasant
Rinseability	Excellent
pH	≈ Neutral

#### Equipment Requirements

Wax B is safe for all standard automatic car wash equipment.

#### Product Make-Up

Wax B is a concentrated spot-free rinse additive. Dilute with water to achieve specified strength concentrations.

#### Concentration and Application Methods

Apply Wax B at a rate of .25 - 1 fluid ounces/gallon into automatic car wash rinse stream. Actual usage rates may vary depending on equipment and desired results.

## Technical Data Sheet

### Companion Products

See Seacole's Auto, Bus, Truck, RV, and Marine product line.

### Safety and Handling

Read and understand this products MSDS before handling.

### Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations. Contact Seacole for specific details and/or further waste treatment recommendations.

### Ordering Information
