

Clean Look 782 Stainless Steel Cleaner and Polish

Product Description

Clean Look 782 is a specially formulated stainless steel cleaner and polish engineered to restore industrial kitchen and food plant appliances, counters, and cabinets back to their original shine. Clean Look 782 is a mineral oil based formula that provides a protective polish on all stainless steel combating contaminants such as grease, greasy soil, heavily baked on foodstuff, carbonaceous soil, and any other contaminants associated with cooking. Clean Look 782 provides a professional, sanitary, and ultra-clean sparkle to stainless steel that exceeds all industry cleanliness standards.

Performance Features

- Combats Grease, Soil, Baked on Foodstuff, Smudges, and Soot from Building Up
- Protects Stainless Steel
- Cleans and Restores Stainless Steel Back to its Original Shine

Physical Specifications

Physical State	Liquid
Appearance	Amber
pH	≈ Neutral

Equipment Requirements

Clean Look 782 is safe for use with all standard cleaning equipment.

Product Make-Up

Clean Look 782 is packaged ready-to-use. Do NOT dilute.

Concentration and Application Methods

Stainless Steel Cleaning and Polishing

Preferably, first clean heavier soil and food from the surface with 744 or 748. Spray Clean Look 782 lightly over the surface. Wipe and buff to a shine with a clean soft cloth.

Companion Products

744, 748, and Seacole's Janitorial, Restaurant, and Facility Maintenance product line.
