

Concrete Remover Plus #5683

Acid-Based Concrete Remover

Product Description

Concrete Remover Plus #5683 is a hydrochloric / phosphoric acid-based liquid formulated with a specialty surfactant package engineered to break up and remove concrete residues and layers from autos, trucks, heavy equipment, machinery, forms, and tools. Concrete Remover Plus #5683 is operator friendly and contains a blended, synergistic surfactant package designed to leave surfaces clean, bright, and residue free.

Performance Features

- Highly Effective in Removing Concrete Residues & Layers
- Provides Operator Safety / Phosphoric - Hydrochloric Based
- Very Effective Scale Remover
- Highly Concentrated, Low Volume Usage
- Leaves Surfaces Bright, Clean, and Residue Free

Physical Specifications

Physical State	Liquid
Appearance / Odor	Clear Yellow / Acrid
pH	< 1

Equipment Requirements

Concrete Remover Plus #5683 is safe for use with all standard spray or manual type cleaning equipment when used as directed.

Product Make-Up

Concrete Remover Plus #5683 is a concentrated industrial remover. Dilute to specified strength concentrations.

Concentration and Application Methods

Heavy-Duty Concrete and Scale Removal, Cleaning, & Degreasing

Dilute 1 part Concrete Remover Plus #5683 with 5 - 10 parts water for heavy duty concrete removal. Old, heavy residues may require higher strength dilutions and manual scrubbing. Preferably, follow with a neutralizing alkaline detergent such as Seacole's Total B preceded by a fresh water high pressure rinse. Waste solutions may require pH adjustment before discharge. Please refer to the Waste Treatment section.

Technical Data Sheet

Companion Products

Total, Total B, PFC II, Spray-Det, Aqua UL, Aqua Force, Aqua Solv II

Safety and Handling

Read and understand this products MSDS before handling.

Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations. Contact Seacole for specific details and/or further waste treatment recommendations.

Ordering Information
