

Fume Suppressant 1000 Anodizing Film Suppressant

Product Description

Fume Suppressant 1000 is a liquid fume suppressant specifically designed to suppress fumes that are generated during anodizing operation. It generates a foam blanket on the surface of the tank that prevents irritating acid fumes.

Performance Features

- Easy To Rinse
- Does Not Chelate Metals
- Very Economical To Use
- Safe To Handle

Physical Specifications

Physical State	Liquid
