

Boat Hull Cleaner (Liquid)

Product Description

Boat Hull Cleaner (Liquid) is an acid-based liquid detergent formulated for fiberglass and painted wood boat hull surfaces. Boat Hull Cleaner (Liquid) removes scum, algae, marine residue, lime deposits, oxidation, waterline stains, and exhaust marks.

Performance Features

- Penetrates and cleans water and iron oxide stains
- Removes algae scum, marine residue, lime deposits, calcium buildup, and exhaust stains
- Contains no polluting phosphates or useless fillers

Physical Specifications

Physical State	Liquid
Appearance	Colorless to yellow
pH	<1
Rinsability	Excellent

Equipment Requirements

Boat Hull Cleaner (Liquid) is safe for use with all standard cleaning equipment.

Product Make-Up

Boat Hull Cleaner (Liquid) is a concentrated industrial boat hull cleaner. Dilute to specified concentration.

Concentration and Application Method

Add 2oz to 4oz of Boat Hull Cleaner (Liquid) per gallon of water. When mixing, always add Boat Hull Cleaner (Liquid) to water. Brush, Spray, or roll on diluted solution to exterior of boat while in dry-dock. After applying diluted solution scrub heavily soiled areas to ensure deeper penetration. Rinse thoroughly with clean water. Repeat application if necessary.

This product is not compatible with polished/coated aluminum, brass or copper. This product is not designed to be used over water.

Companion Products

Please see Seacole's powder version of Boat Hull Cleaner (A099BHX).

Safety and Handling

Please review and understand the Boat Hull Cleaner (Liquid) SDS before handling.

Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations.

Ordering Information

Boat Hull Cleaner (Liquid) is available in 1-gallon bottles, 55-gallon drums, and 275-gallon totes.
