## Seacole 956 Plus

### Product Description

Seacole 956 Plus is a heavy-duty, environmentally safe, coating remover for spray, brush, or soak applications in industrial maintenance shops.

### Performance Features

- Effective in Removing Transit and Cosmoline Coatings
- Effective in Removing Adhesives, Tapes, and Stenciling from Hard Surfaces
- Safe On Virtually All Surfaces Including: Steel, Copper, Brass, Aluminum, Plastics, Rubber, and Painted Surfaces
- Does Not Affect Most Paints or Electrical Insulations
- Rinses Completely with Water, Leaving Surface Free of Oily Films
- Contains Only Low-Toxicity Ingredients to Protect Workers and Environment
- Contains Specialty Surfactants for Superior Grease Removal
- Neutral pH – Will Not Adversely Affect Wastewater
- Non-Flammable

### Physical Specifications

Physical State	Liquid
Appearance	Clear
Odor	Slight to mild
Flash Point	169°F
pH (use dilution)	Neutral

### Equipment Requirements

Seacole 956 Plus is safe for use with all standard cleaning equipment.

### Product Make-Up

Seacole 956 Plus is packaged ready-to-use. Do NOT dilute.

### Concentration and Application Methods

#### Transit Coating/ Cosmoline Removal

Apply Seacole 956 Plus by spray with low pressure (Hudson Sprayer). Allow to soak for 2 – 5 minutes. High pressure rinse with fresh, hot water. Repeat if necessary.

#### General Maintenance Cleaning

Apply Seacole 956 Plus by spray, brush, or immersion to adhesives, labels, or stencils. Rinse with high pressure heated water.

### Safety and Handling

Read and understand this product SDS before handling.

### Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations. Contact Seacole for specific details and/or further waste treatment recommendations.

### Ordering Information

Seacole 956 Plus is available cases containing 6 – 1-gallon bottles and 55-gallon drums.
